Prior Art Citation

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Shishido et al. (6,785,213) and Tsukihashi (6,775,211), both disclose a recording and reproducing apparatus having information recorded on the recording medium by ZCLV method and having packets information recorded on the medium.

Reasons For Allowance

2. The following is an Examiner's Statement of Reasons for Allowance:

Re claims 1-8

The prior art of record alone or in combination does not teach or suggest the method of seamless ZCV/PCAV recording for packet writing having the combination of steps with their recited process, and taken the claims as a whole in combination with providing a plurality of predetermined super link points for dividing a track of an optical disk into a plurality of areas, and if a difference between a packet link area subsequent to the packet unit and a first predetermined super link point of the predetermined super link points is within a predetermined range, setting (or resetting as set forth in claims 5-8) the first predetermined super link point to within the packet link area, as set forth in claims 1-8.

Re claims 9-12

The prior art of record alone or in combination further does not teach or suggest the method of seamless ZCLV/PCAV recording for packet writing having the combination of steps with their recited process, and taken the claims as a whole along with providing at least one predetermined super link point for dividing a track of an optical disk into a plurality of data writing areas with different transmission rates; and having at least one predetermined super link point is reset within the packet link areas, as set forth in claims 9-12.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
